## 📋 OBJECTIVE

I am a BCA graduate currently pursuing a Full Stack Developer course at Red & White Institute. With a solid foundation in front-end development, I have completed the frontend module and actively work on various real-world projects to strengthen my skills. I have hands-on experience with technologies such as HTML, CSS, Bootstrap, and React, and I am passionate about creating responsive, user-friendly web applications. Eager to grow as a full stack developer, I continuously explore backend technologies and strive to build complete, efficient, and scalable web solutions.
